REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: it was brought to the examiner's attention in a post allowability review that the claims might not be allowable over prior art reference Lizé (US 5,636,450). Independent claims 11 and 15 along with their dependent claims address bending an elongated quartz tube which are not expressly or inherently disclosed in Lizé. Independent claims 1, 7, and 29 all recite lamps, lamp protection plates, and/or quartz tubes. Lizé does not recite lamps for the claimed IR emitters/heating elements found in each of the claims. Those claims also recite a lamp protection plate or curved lamp protection element between/intermediate the web and the lamps. Even if the IR transmitters of Lizé were inherently disclosed as lamps, Lizé does not teach a protection plate/element between/intermediate the IR transmitter and web. The claims are believed allowable over Lizé.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
